

APRIL 2025

2025 is flying by! We're almost into May and well into Spring, one of my favorite seasons in Orange County, although truly I enjoy them all. From outdoor festivals and spring sports to getting out to hike or bike or go fishing, there's something for all to enjoy. I encourage you to check out <https://www.pickocny.com/> for more information about what's going on around Orange County.

I wanted to share some information about a few events:

If you were unable to attend my State of the County Address last week, feel free to take a minute to listen to the event here. I hope you'll take the time to get an update on the status of our great County! [Watch here.](#)
